

B.S.S.K. Events Ltd - 2008 Event Schedule

GRIMSBY - GRIMSBY AUDITORIUM, 26 & 27 January 2008 - 100 Stands Available

This will be our TENTH event at Grimsby Auditorium, a modern, purpose built building, with ample on-site parking and disabled facilities. It has a wonderful atmosphere for our type of event and every modern convenience. The auditorium is ground floor, with a first floor talks and demonstrations room, serviced by a lift. Catering has been arranged to keep visitors on site. When we first ran this one so early in the year, many thought it would be too soon after Christmas. Just ask those that have done it - this one usually gets the year off to a flying start!

NEWARK - CEDRIC FORD PAVILION, NEWARK SHOWGROUND 23 & 24 February 2008 - 80 Stands Available

Another popular and well established event, Newark filled up quickest of all last year so book early! The pavilion is a purpose built structure, but with the luxury of carpets and upholstered fittings, not usually associated with a showground. Needless to say there is ample on-site parking, a whole showground full in fact, in-house catering including a mini-carvery on Sunday and a separate room for talks and demonstrations.

BARNSLEY - BUIDING 21, ELSECAR HERITAGE CENTRE 15 & 16 March 2008 - 90 Stands Available

We acquired this event in March of last year with only 5 weeks to go and were amazed at the potential. The second event last year exceeded the first, even on a Bank Holiday! We are delighted to add this well established event to our list, popular with both exhibitors and public alike. We believe this will become one of the largest events in our calendar in time!

ALFRETON - THE BOWLING HALL, ALFRETON LEISURE CENTRE 26 & 27 April 2008 - 90 Stands Available

We have been searching for a home for our 'Derbyshire' show for the last four years. The ever growing mailing list badly needed a permanent home, but none that we tried were worthy of a second visit. The bowling hall at this centre has a great ambience, but had been used by another promoter. However, following a two year break and major refurbishment, we are now pleased to make it the home of the 'floating Derbyshire show'.

LINCOLN - LINCOLN SHOWGROUND - The Summer Festival 31 May & 1 June 2008 - 120+ Stands Available

Our seventh visit to this popular venue and our eighth Lincoln show in total. What a good day's work we did when we first scouted this venue and decided to book it! Heaps of space, ample free parking, camping for exhibitors and at the time of going to press, our best event in 2006 and 2007 in terms of attendance. This time we are turning it into a festival with musicians in the genre performing live. We push the boat out for this one with Radio advertising on top of our usual extensive programme of Newspaper, posters and flyers. Evening entertainment for exhibitors is on the drawing board too!

SPALDING - SPRINGFIELDS EXHIBITION CENTRE 21 & 22 June 2008 - 80 Stands Available

Our second event at this purpose built exhibition venue. Springfields Exhibition Centre is ideally located adjacent to the A16 Spalding by-pass and all function rooms are at ground level with disabled access. We have taken the events hall for the exhibition and the marquee suite for talks and demonstrations. An on-site cafe and good parking complete things.

GRIMSBY - GRIMSBY AUDITORIUM,

5 & 6 July 2008 - 100+ Stands Available

This will be our eleventh event at Grimsby Auditorium, a modern, purpose built building, with ample on-site parking and disabled facilities. This event always has a wonderful atmosphere, and the healing and public benefit it generates is a delight to be a part of.

DONCASTER - THE DEAF COLLEGE,

26 & 27 July 2008 - 80+ Stands Available

A new home for the Doncaster show! This show has been growing in both attendance and visitor popularity, but the sheer size, not to mention cost of the DOME, made it a difficult one to run. We were delighted to discover the hall at the Deaf College. It will be carpeted and the staff are so helpful and friendly. Not least, I would much rather give the fee to such a worthy establishment, rather than a privately owned commercial one! I am sure it will provide a better ambience for this event.

STAFFORDSHIRE SHOWGROUND - The INGESTRE SUITE,

9 & 10 August 2008 - 90+ Stands Available

We have been asked so many times to go into Staffordshire, so here we go! Reminiscent of the Newark Showground venue but rather nicer, this has a good feeling to it with nice decor, plush carpet etc. As a new show, we will be pushing the boat out on the advertising to get it off to a flying start. As with all showgrounds, parking is in abundance.

BARNSELY - BUIDING 21, ELSECAR HERITAGE CENTRE

23 & 24 August 2008 - 90 Stands Available

Our second visit of the year and our fourth show at this venue. The second event last year exceeded the first, even on a Bank Holiday! We are delighted to add this well established event to our list, popular with both exhibitors and public alike. We believe this will become one of the largest events in our calendar in time!

NEWARK - CEDRIC FORD PAVILION, NEWARK SHOWGROUND

6 & 7 September 2008 - 80 Stands Available

The second visit of the year to this popular venue. The pavilion is a purpose built structure, but with the luxury of carpets and upholstered fittings, not usually associated with a showground. Needless to say there is ample on-site parking, a whole showground full in fact, in-house catering (this is the one with the hot Sunday lunch) and a separate room for talks and demonstrations.

HUDDERSFIELD - COLNE VALLEY LEISURE CENTRE

4 & 5 October 2008 - 80 Stands Available

We were amazed to find this venue - masquerading as a sports hall, it has a carpeted lounge to one side, lots of glass and natural light and a stage to one end! We have had so many requests to 'do more in Yorkshire', lets hope this one can become a regular fixture on our programme. As with all new shows, we will blitz the advertising to give it a kick start!

LINCOLN - LINCOLN SHOWGROUND - Winter Spectacular

8 & 9 November 2008 - 120+ Stands Available

Our second show of the year at this venue and the grand finale to 2008 with BSSK. Heaps of space, ample free parking, Radio advertising on top of our usual extensive programme of Newspaper, posters and flyers. Lets send 2008 out in style!
