

BSSK Therapist Feedback Scheme

A condition of a therapist booking at a BSSK event from January 2011, is that the therapist participate in the 'Therapist Feedback.

How it Works:

- 1 You will find a pack on your table on arrival. In it there will be a badge for your first show of the year, which we ask that you retain for all future shows to prevent health and safety issues with the recycling of sharps. Also enclosed will be a quantity of feedback cards.
- 2 Please wear the badge during every show.
- 3 Please give one of the feedback cards to every client at the end of their treatment, or before starting if this is easier for you – further supplies are available from reception should you need them.
- 4 Explain to them that they fill it in if they wish to do so - it is entirely up to them. It is completely anonymous and discreet.
- 5 They do not give the card back to you, but should place it in the basket on the reception table.
- 6 At each show, we return the previous show's cards to you. If you are not booked on any more shows, they will be posted out to you.

That's all there is too it – happy treatments!
